

Program Name:

The Startup Internship Program

Program Brief:

The startup internship program is designed to connect between startups seeking interns and students and individuals looking for internships to allow people from different study fields to gain skills and experience in entrepreneurial environments. The program is executed in partnership with Masar Marketing Services.

Program Objectives:

- Allow students and people from different study fields to gain skills and experience in entrepreneurial environments
- Develop Qatar's entrepreneurial spirit and culture through use of focused learning opportunities
- To support the developmental capacity of SME's by creating and providing learning experiences that meet their needs
- Adding value to both students and SME's by creating a program that benefits both target segments

Target Audience:

University students and individuals looking for internships at startups.
